### CLARESHOLM LOCAL NEWS

Geo. Simpson has returned from his vacation trip to Banff.

J. R. Watt is entering his horses in the Lethbridge races next week.

Mrs. S. Price, of Seattle, is here to spend three or four weeks looking after her interests.

Dave Turner is here for a couple of weeks to relieve E. H. Mack who is off for vacation.

Mr. and Mrs. A. E. Hartwell and family returned last week from a Banff-Windermere motor trip.

Harry Carey in "Beyond the Border" at the Rex theater on Friday and Saturday nights this week. Also a Pathe comedy.

Mr. and Mrs. J. L. Edlund announce the marriage of their daughter, Marie Alice, to William O. Neal, at Red Deer, July 4th.

As a result of the car accident reported in our columns last week, we learn that little Basil Marsh suffered a fractured collarbone.

W. Knight has been in Calgary this week attending the annual convention of the Grand Lodge of Alberta Knights of Pythias, as representative of Claresholm Lodge No. 17.

The Odd Fellows and Knights of Pythias have decided to join with the Sunday schools of the United churches in a picnic on Wednesday, August 5th, at Sharple's grove.

Wilfred and Laura Harrison returned home on Monday evening, after spending a very enjoyable time at Calgary stampede, and other points along the line. They were away three weeks.

The Chautauqua was a great success again in spite of so many being away on vacation. The local committee are hoping to show a balance on the right side. Thirty-six names have been signed for the 1926 program, and promises for the major part of the tickets.

J. W. Hallett came near having a very serious accident on Wednesday evening. While running his car into the garage the engine stalled and he cranked it up forgetting that it was still in gear, and he was pinned between the bumper and the end wall of the garage, badly bruising both legs.

The Misses Amundsen with friends from Champion and Parkland returned last Tuesday from the Banff-Windermere trip. They camped at Waterton Lakes and many other places on their way, enjoying there the boating, mountain climbing, swimming and dancing. They claim it is a trip worth while and the scenery is just splendid.

Services will be held in St. John's church on Sunday next, August 2nd, at 11 a.m. and 7:30 p.m. The rector, Rev. W. C. Marsh, will conduct the services and will speak in the morning on "A Pastor's Care," and in the evening on "The Tribute of the Hills." As these will be the first services since June a full attendance is cordially invited.

What that was seeded early in this district is fast ripening, and with a continuation of present weather conditions should be ready for the binder by the middle of August. There is every promise of a good average yield. Light showers have fallen during the past week, but no rain that amounted to much in the way of moisture.

### Lethbridge Exhibition

The Lethbridge Exhibition, on August 6, 7, and 8, bids fair to be bigger and better than ever. One of the outstanding features will be the Boys' and Girls' Calf Club exhibit. The total prize money to be distributed in this is \$800.00, rather a startling sum for one competition.

The racing promises to be the best ever seen at Lethbridge, as there will be present the largest concentration of race horses ever sent on this track.

Other attractions include mud-throwing by the famous Kline Show, and a splendid program of platform acts.

### SUCCESSFUL FAIR, STAMPEDE AND RACE MEET

Claresholm's sixteenth annual exhibition held on Tuesday and Wednesday, proved to be one of the greatest attractions ever put on in the community, the attendance being the largest seen on the grounds in any similar event. The race program was the best ever seen on the Claresholm track.

The feature of the meeting was the Claresholm Derby, which has been run regularly for many years, and never was a better race seen in this event than on this occasion. There were six starters and after W. C. Dooley had led till the last eighth J. R. Watt's Bow River won by half a length from Balsaroch Fox who came from far back in the last sixteenth and would probably have won at a mile and a quarter. Miss Frances McKinney acted as Derby Queen and graciously presented the souvenir cup to the owner and the whip to the winning jockey.

Following are the results of the July 28 racing:

Local pony race, half mile—1, J. Armstrong, Stavelly, Fluffy; 2, A. Noel, Claresholm, Peggy; 3, Ringrose, Claresholm, Jigs. Also ran: Midget, All in Blue, Drifter. Time 57½.

Merchants' Purse, 5-8 mile—1, J. R. Kipling, Calgary, Tumbler Parkes; 2, R. J. Arthur, Claresholm, W. C. Dooley; 3, W. J. Adams, Macleod, Jigs. Also ran: Redwing Brown, Jig, Hector and The Ace. Time 1:05. Won by a half length.

Cowboy Dash—1, Alf. Strangways; 2, D. Ringrose.

Relay race, 2 miles, 2 horses—1, J. R. Kipling, Calgary, Golden Ring and Gold Bond; 2, Tom Morrison, Crossfield, Pete and Fighting Frank; 3, A. E. Swanson, Vulcan, Grey Dick and Mate. Roy Miller started but was bucked off. Time 4:22.

Results of July 29 racing: Ranchers' cup, half bred horses that never won \$150, 5-8 dash—1, J. R. Kipling, Calgary, Tumbler Parkes; 2, A. E. Swanson, Vulcan, Grey Dick; 3, Mrs. Holroyd, Waterton, The Ace. Also ran: Blighly, Slim Chance, Hector, Excelsior, Gold Dust. Won by a head; a head between second and third. Time 1:07. Dute ran.

The race Excelsior fell and her rider Miss Marjorie Leaden was badly bruised and shaken.

Cowboy barrel race—1, Roy Miller; 2, Ed. Burton.

Open pony race, half mile—1, J. R. Kipling, Calgary, Tumbler Parkes; 2, L. Oviatt, Stavelly, Comet; 3, T. B. Clancy, Stavelly, Lass. Also ran: Firefly, Peggy, Keela and Midget. Time 57½.

Relay race, 2 miles, 2 horses—1, J. R. Kipling, Calgary; 2, Tom Morrison, Crossfield. Time 4:28. Cowboy dash—1, W. Marsh; 2, Dale Heyland; 3, Nowlin.

Cowgirl race—1, Cecile Barre; 2, Miss Bell.

Claresholm Derby, 1-1-8 miles—1, J. R. Watt, Claresholm, chestnut gelding, Bow River (Sire, Bachelor's Beau), (Dam, Doon Pearl), 126 pounds, Kipling; 2, J. R. Watt, Claresholm, bay gelding, Balsaroch Fox, 126 pounds, Noel; 3, R. J. Arthur, Claresholm, bay gelding, W. C. Dooley, 131 pounds, Ringrose. Also ran: Brown Jig, Redwing and Jigs. Time 2:04. Won by a half length; a head between second and third.

Roman race, half mile—1, Morrison, Crossfield; 2, Kipling, Calgary. Kipling was leading with his team travelling in beautiful style but he ran into some calves that had been allowed to stray onto the track from the stampede; and was thrown, but fortunately sustained no very serious injuries.

The Stampede events had lots of pep and provided a maximum quantity of entertainment in its line, with spills and thrills galore, but we believe no broken bones. The baseball game between Pultney and Parkland was a rather ragged exhibition, resulting in Pultney winning 15 to 6.

Users of lawn and garden hose are reminded that the bylaw provides for the use of water for lawns and gardens from 6 to 9:30 o'clock p.m. only. All are warned against using water for these purposes at other hours.

## Don't Get Sunburned

A light application of Nyal Face Cream before exposure will effectually prevent sunburn, tan and skin irritation. This delightfully refreshing cream also soothes and heals inflamed skin, dries in quickly leaving no trace and makes face powder adhere better.

## Departmental Examinations

The report of the results of the departmental examinations is out and shows that the following Clareholm High School students passed in grades XI and XII: Grade XI—Bertie Guy, Amy Mullin, Marian Milnes, Margaret Coutts, Cecil Brandford, Luella Staal, George Staal (Grade IX British history), Muriel Boniface (Grade XI history), Anna Romning (Canadian history and civics and geography), Norma Davies (physics), Mildred Reynolds (geometry).

Grade XII—Mildred Carey, Myrtle Smedstad, Lily Sahlen.

## Agricultural College Reunion

On Friday, August 7th, the School of Agriculture is holding its second annual Alumni reunion. Last year large numbers of farmers visited the school on the occasion of the reunion. It is hoped that the farming community will again take advantage of this opportunity to visit the school. All are invited to bring lunches for picknicking on the grounds after the ball game. Those doing so may obtain coffee at the booth if they so desire.

At 2 o'clock a visit will be made over the experimental plots which number over four hundred. At this time of year many of the different crop treatments show up well and the trip will prove interesting. Sports and baseball will occupy the remainder of afternoon program.

In the evening the social dance will be held in the auditorium, which is being freshly decorated for the occasion. Everyone is cordially invited to attend an interesting afternoon and a pleasant evening at the school.

## United Church Services

The morning service on Sunday next, August 2, will be held in St. Andrew's church at 11 o'clock, and the evening service will be held in the United Church at 7:30 o'clock. The Rev. Geo. Welcher will have charge of both services, and will also conduct the service in the United Church at 3 o'clock in the afternoon.

The morning theme will be "Our God," and the evening theme will be "Some Surprises of the Judgment Morning." The Sunday school will meet at 12 o'clock noon, immediately following the morning service of public worship.

The annual Sunday school picnic of the St. Andrew's and United United Sunday schools will be held at the Grange United Church on Wednesday afternoon next, August 5. Definite announcement of all arrangements will be made at all the services next Sunday. All having cars are requested to be prepared to meet the requests of the committee in charge of these arrangements.

## Your Opportunity

To Better Yourself.

There is a good living for you right where you live. Full or spare time. No capital required. No experience necessary. We teach you how to become a National representative, selling our splendid line of top-toe clothing for men and women, from factory store to consumer through local representatives. The National "Store at your door" selling outfit is a complete clothing store in a neat, small sample case. Experienced salesmen will assist in all possibilities in our proposition. Fall line soon ready, bigger and better than ever. We are offering an exclusive territory by conferring immediately naming the district you want. Rural communities and city territory equally profitable. "It is a sign of distinction to be a National representative." Apply Sales Manager, National Mail Order House Limited, Dept. 166, Box 207, Montreal.

## Here and There

During July thousands of osteopaths and members of allied professions gathered in Toronto from all parts of the United States and Canada to attend the International Convention of Osteopaths. Several of the visitors toured the country in the interests of osteopathy.

Final figures showing the total live lobster catch on the Nova Scotia coast, for the season ending June 1st, show a total of 5,885,930 lbs., valued at \$1,364,141, an increase over the 1924 season of 3,647,490 lbs. in quantity and approximately half a million dollars in value.

During his tour of Western Canada over the Canadian Pacific line, Field Marshal Earl Haig was received on all sides by cheering and enthusiastic crowds. At towns in northern Ontario and elsewhere he shook hands and exchanged reminiscences with local ex-servicemen, many of whom he recognized.

Having concluded his visit to the Pacific Coast, His Excellency Lord Byng, Governor-General of Canada, has returned East. Before leaving Western Canada, His Excellency stayed off for a few days at Banff to meet Earl Haig, and the two famous soldiers spent some time together talking over old times.

Considerable interest has been aroused in London, England, over the arrival there of 8,000 peony blooms for exhibition in the Canadian Pacific pavilion at Wembley. The peonies were grown by W. Ormiston Roy of Montreal, and have been sent to England to dispel the notion that the Canadian climate is excessively cold.

A delegation of prominent newspaper proprietors and journalists from Great Britain passed through Canada recently on their way to attend the Third Imperial Press Conference to be held at Melbourne, Australia, during September. Besides the delegates from the British Isles, representatives of Canada and the other Dominions have been invited and will attend the conference.

Two automobile accidents occurred in Montreal over the week-end at railway crossings, in both of which it was proven that the car struck the train. In the first accident the car ran into the first car behind the engine in the second struck the side of the engine itself. Public attention has been directed to these accidents as illustrative of the results of negligent driving.

Early in July a party of one hundred French-Canadian, associated with the University of Montreal, departed from Windsor station on a three-weeks educational tour of the country under the auspices of the University. Mayor Duquette of Montreal, Monsieur A. J. P. Plette, rector of the University and Professor E. Montpetit, one of his associates accompanied the party. They were seen off at the station by E. W. Healey, K.C., chairman and president of the Canadian Pacific Railway and other officials.

A similar excursion to the above left Toronto, July 20th, for the benefit of English speaking school teachers. This year, also lasting three weeks and covering all principal points of the Dominion was conducted by Dean Simclair, Lauder of Macdonald College under the auspices of the Teachers' Federation of Canada.

Jessie Nickleson Drowned in  
Old Man River

Macleod, July 27.—Sunday afternoon, about 5 o'clock, a number of young people from Rocky Coulee were picknicking on Old Man river, 12 miles east of Macleod, when Jessie Nickleson, 17 years old, with some boy friends, while bathing, tried to swim across the river, but was carried by the swift current into deep water and was drowned. Her companions tried to save her but were not successful.

## Here and There

This year's receipts from motor vehicles imported into New Brunswick nearly amount to \$122,000. This amount is larger than the total for any year except last year when the gross receipts for the whole twelve months were \$148. The estimate for the present year is half a million.

The mines and quarries of the Province of Quebec produced to the value of \$18,562,800 during 1924 according to the final report issued by the Provincial Department of Mines. Building materials account for \$11,809,977, non-metallic minerals \$7,191, and metallic minerals \$50,804.

"In the Canadas and falls of the Canadian Rockies there is enough hydro-electric power to supply the American west with all the electric energy it will need for ages to come," declared W. Paxton Little, president of the Niagara Falls Power Company, who recently visited Banff with a party of distinguished American electrical magnates.

That the Province of Quebec abounds in historic and romantic material, the connection of popular novels, is the judgment of two popular writers—James Oliver Curwood, author of scores of best sellers, and Edwin Balmer, well-known short story writer—who have recently toured the province and Western Canada in quest of "local color."

There has been an unusual distinction conferred upon Prof. Camille Couture, a Montreal musician, who, besides being a violinist is also a maker of violins. He has been honored with a medal and diploma from the British Empire Exhibition at Wembley for a magnificent violin of maple, which he exhibited there.

In order to dispel the existing impression in England regarding the coldness of the Canadian climate, five thousand peony blooms are being distributed at the Canadian Pacific Railway Pavilion at the British Empire Exhibition. These plants, brought to Canada by W. Ormiston Roy of Montreal, who states that peonies are the best landscape flower and will be grown in all parts of Canada, irrespective of climatic conditions.

Hon. W. M. Nichol, Lieut.-Governor of British Columbia, and H. C. Coleman, Vice-President of the Canadian Pacific Railway, opened Crystal Gardens, the new and unique indoor salt-water swimming pool at Victoria, B.C., recently. This amusement centre, which has two dancing floors, a gymnasium, art gallery and tea-rooms, is regarded as the largest and finest of its kind on the continent.

Being exceeded only by Mexico and the United States, Canada now ranks third among the silver producing countries of the world. Records of Canadian production have been kept since 1858 and show a total recovery of 451,000,000 fine ounces to the end of 1923. In 1924 production was slightly in excess of 20,000,000 ounces. During 1924-1925 the value of production totalled \$200,705,032, while for last year it amounted to \$115,517,943.

The first lot of buffalo, numbering some 200, to be transferred from the Watnawagga Park to the new Buffalo Park, north of Edmonton, left Watnawagga, Alberta, recently. For some time past the herd at Watnawagga had been growing too rapidly and the Federal authorities decided to ship a number to the Buffalo Park to determine whether or not they can acclimate themselves in the new district as they did in the southern area. Altogether two thousand buffalo, in lots of two hundred each, will be shipped to the Buffalo Park.

## FATTED CALVES FOR BRITISH BUTCHERS

(1) A particularly fine collection of sheep waiting a train.  
(2) Western steers en route for England, awaiting their fate at the London Pacific East End Cattle Market.  
(3) These splendid hogs would be as contented if they knew how close they are to an abattoir.

These four-footed emigrants are on their way to Europe. They belong to the Livestock Producers of Canada and have taken lodgings for the night at the Canadian Pacific East End Market, Montreal, before continuing their long journey from Winnipeg to Glasgow.

The extent and the variety of the activities of this Market, its value to the community and indeed the fact that it exists at all is not nearly as widely known as it should be, except among those farmers, drovers, butchers, buyers and exporters who make use of its manifold conveniences. The market has been in operation on its present site for 13 years. It has accommodation for 3,000 head of cattle, 5,100 head of sheep, lambs and calves, 1,000 hogs and can provide sleeping quarters, board and valet service for a total of 14,000 animals at a time. Its export sheds (said to be the finest in Canada) have 30 modern, light, airy pens in which 1,000 animals guests may be housed without crowding or difficulty.

The establishment has facilities for handling, branding, exporting, killing and chilling, sheep, lambs, calves, hogs, milch cows, bulls and horses. There is in the market grounds, a modern and well-equipped abattoir where local purchasers may have their stock killed quickly and efficiently. Incidentally the stock coming from the western farms and ship-

ped to England or sold locally is, almost invariably of superb quality, being equal to the finest stock in the world.

Cattle is sold on the market four days a week, auction sales of horses are held once a week, roping and branding takes place weekly and slaughtering is a daily occurrence.

The market, in all its branches is owned and operated by the Canadian Pacific Railway and is a government institution.

H. Pierpont, the manager, says that the present consignment of which only a few are shown above, is one of the finest that has ever passed through his hands. Some of them are show cattle, bound for Wembley, and the others, less fortunate, will probably be converted into the roast beef of Old England and grace the tables of London, Leeds and Manchester, etc.

The consignment consists of 283 western cows, all fine, fat fellows, of which J. F. Kennedy, president of the Livestock Producers of Canada, is justly proud. Owing to some slight damage being done by fire to the vessels on which they were to travel, their departure has been delayed a few days. In the meantime they are lying on the fat of the land, philosophically enjoying the comforts of the present, without concerning themselves too much with the uncertainties of the future.

## TO SEARCH FOR TREASURE IN FAR NORTH

Five men from Hull, England, all unmarried and of ages ranging from 22 to 59, sailed from Liverpool recently by Canadian Pacific S.S. Montclare on the quest of a rich vein of silver, said to be hidden in the "Lost Land" of the Great Northwest. The mine is claimed to be in the vicinity of the Mackenzie River, District of Alaska, and is located in a cliff hundreds of miles from civilization. The last part before striking the trail was a 100-mile journey through the Klondike gold region. The rest of the party are Thomas Thompson, sailor, 40; James Rogers, 42; and Ernest Barker, 59, 26; Joseph Millard, jeweller, aged 22; Harold Thompson, 33. When they find the mine, they will take it and return to England to form a company for its development. As they passed through Saint John, N.B., the party was full of confidence and hope to return to the Old Country by next October.

WORLD HAPPENINGS  
BRIEFLY TOLD

The Earl of Clarendon has been appointed chairman of the Overseas Secretariat Committee.

The annuity of \$7,500, guaranteed by the Federal Government to Dr. F. W. Banting, of Toronto, passed the House of Commons.

The Daily Chronicle and Weekly Gazette, the oldest newspaper in Canada, formed in 1751, has ceased publication.

Twenty-eight persons were killed and 150 injured during a hurricane which swept over the province of Major, A. R. Thompson, son of Col. Andrew Thompson, Ottawa, has been appointed Gentleman Usher of the Black Rod, in succession to the late Col. E. J. Chambers.

The cost of constructing Tokyo's new subway system will be some where in the neighborhood of \$15,000,000, according to the plans drawn up by the municipal authorities. There will be about 10 miles of the subway.

The Daily Express, London, suggests the name of Cockspur Street be changed to Canada Street in view of the opening of the new Canadian Building and also of a number of other Canadian offices.

The tomb of Virgil, at Naples, has been purchased by the Italian Government, and a large sum will be expended in restoring the ancient Roman resting place as part of this year's celebration in his honor.

The preventive vaccine against tuberculosis, known as "B.C.G.," is producing most effective results, according to a report read before the Academy of Medicine in Paris, by Prof. Calmette, assistant director of the Pasteur Institute.

A mysterious epidemic has stricken the Red in Lake Geneva, which is causing them to die in such numbers that employees of the hydro-electric plants at Gneva, Switzerland, are obliged to work during the winter, to shovel them out of the spillways.

## French Deputy Drives Taxi

Works At Trade When Not Busy in Sessions

M. Adam, representing the 8th Commune in the French Chamber of Deputies, has the unique distinction of being the only taxi driver among the legislators of the country. He pits his trade whenever he can be spared from the chamber's sessions, and has the custom of leaving his taxi, which he owns himself, at the curb with a black flag over the meter—the chauffeur's method of indicating that he is not seeking fares. When the session is over the taxi driver deputy goes back to work, and it is often that he has as his first passenger some fellow deputy with whom a few minutes before he had been arguing for the country.

## Investing Money in Palestine

Jobs Spending Millions in Purchasing and Improving Land

The Jewish national fund has invested about \$6,000,000 in the purchase and improvement of land in Palestine from October, 1929, to April, 1932, approximately the period of Sir Herbert Samuel's administration as high commissioner, according to a report issued by the world headquarters of the fund in Jerusalem.

Of this money \$3,194,470 was spent in the purchase of agricultural and urban land and \$774,150 in land improvement, including the drying up of swamps, road building, water supply installation and building loans to new settlers.

## Find Dead Bishop's Burial Place

The burial place of Bishop Peter Agabekian, Bishop of Harford from 1240 to 1250, a Greek Catholic who has puzzled historians for centuries, has been solved.

It was generally believed that he was buried in Harford, the place of his birth, 650 years ago, but Canon A. T. Bannister, of Harford, had the tomb in Harford church examined and the remains were revealed.

The coffin had been filled with willow in which there is a hole. The shape of the hole was in the coffin cavity the decayed rings of the bishop's nail canals.

## Dr. Sheerer's Estate

According to the will of the late Dr. John D. Sheerer, physician, secretary of the Social Service Council of Canada, his entire estate, valued at \$141,413.56, plus estate taxes, valued at \$141,413.56, has been left to the Social Service Council of Canada to be used as they may see fit. The value of the estate, amounting to \$141,413.56, is in real estate in the city of Toronto.

## A New British Colony

Island of Cyprus Is Now Part of Empire

A new milestone in Mediterranean history was set up on May 1st, when by Royal Letters Patent, read by the high commissioner of Cyprus at Limassol, that island became a British colony. Our King Richard, Coeur de Lion, took it from Isaac Comnenus and bestowed it on Guy de Lusignan. In 1570 the Turks took it from the Venetians and held it in the stagnation that marked Turkish rule until 1878, when under the Treaty of Berlin, Great Britain undertook its administration, paying an annual tribute of £10,000 to the Sultan. Since then the Cypriotes have progressed morally and materially, and it has been for us a useful Mediterranean station, though possibly of less value than Lord Bessborough expected. In November, 1914, it was annexed by proclamation. The high commissioner now becomes high commissioner and various reforms will be introduced, such as an increase in the representation of Moslems in the legislative council and the creation of natives of some offices hitherto filled by home—London Spectator.

## Canada At Geneva

Has Become Leader in Humanitarian and Idealistic Matters

The increasing activity that Canada has displayed in League of Nations affairs in the past months is rapidly putting the Dominion in the position of leader of the "Small Nations" group.

As a result of the absence of the United States from the league, Canada has become more or less a leader in humanitarian and idealistic matters. Her situation geographically makes her a natural arbiter when racial animosities, racial prejudices or international policies are involved. The Canadian headquarters in Geneva, which are characterized as the "League of Nations" office, accredited to the League of Nations, is situated on what is now known as "Diplomatic Row."

## Woman Makes New Motor-Cycle Record

Averaged Sixty-eight Miles An Hour In Race Near Paris

Mrs. Stewart, wife of Lieutenant Colonel R. N. Stewart, established a record for the 250 miles on a 24-hp. motor-cycle at the Linas-Mothes motor-racing track, near Paris, coming in at 25.35, 25.35, 25.35. The previous record was 25.46, 25.46.

Mrs. Stewart's average speed was about sixty-eight miles an hour. Mrs. G. M. Stewart is the holder of the double twenty hours record at Weybridge, London, and was more described as a "trial little woman, with bobbed hair." She served as 35 am. balance driver with the Russian army during the war.

## Dolies Retard Immigration

Many English Boys Not Anxious To Seek Employment

That the work of securing suitable employment for the young men of Canada as farm laborers was seriously retarded on account of the unemployment dole paid in Great Britain, was stated today by Col. H. H. Bennett, chief secretary for immigration of the Salvation Army, who is in Canada from London, England. "As soon as boys leave school," he said, "if they cannot find work, they are paid the dole, and this year there are 35,000 young boys in Britain who are satisfied to get doles instead of employment."

## He Wasn't Satisfied

Young Cook just returned from a painting job in London, and was a question he had said, in reply to a visitor, that there were 100 commands. Upon meeting another soldier he said to the minister's he said:

"AD if he asks you how many commands there are what will you say?"

"Say?" queried the other lad. "Why, one, of course."

In Harford church the first young man to come.

"Tom? You will try him?"

"I tried him for 100 and he wasn't satisfied."

## Laziest Job In World

"Breaking in" merchandise plays a "profession" in Paris in which more than a score of men are employed.

All they have to do is sit and smoke while others play all day. It's about the world's laziest job. "Breaking in" five pipes is a good day's work.

## One-Lamp Car Is Menace

One of the most dangerous things you meet on the road at night is the one-lamp car.

When such a machine approaches it is a good idea to give it lots of room.

It is not tell which of this motorist's lights is on.

## A Quaint Little Bloomer Dress

Frocks for little girls are becoming more interesting every day, and there is almost as great variety as for the grown-ups. What little girl would not adore this quaint and whimsical little bloomer dress? It would be made of gingham, chambray, percale, cotton pop or the dainty, patterned English prints. The kimono sleeve upper portion is attached to the skirt with a small button, forming an apron effect, and tied at the side with bows of ribbon. The pattern also includes attached knee-length, elasticated skirt. The pattern is cut in sizes 4 to 10 years and requires 1 1/2 yards of 36-inch material for the dress and 1/4 yards for the bloomers.

Author Proved His Assertion

Successfully Smuggled Cargo of Arms Out of England

After "smuggling" a cargo of guns out of the country under the very nose of the authorities, Augustus Muir, the young Scottish novelist, returned to London.

Between midnight and daybreak, Muir "ran" a cargo of discarded aeroplane and machine gun parts in approved smuggler fashion. The contraband was taken in the Dixon car and shipped in the darkness aboard a fast motor boat, which then glided a clean pair of heels. After a dash into the North Sea the expedition went back to Harwich, where Muir landed near the customs at eight o'clock and, "declaring" his cargo, dumped it in the sea.

The adventure was the outcome of a wager by a London editor that the smuggling episode in Muir's novel, "The Third Warning," was outside the range of possibility. Muir's little tale was a practical way of reducing the personnel of the consular to the extent that is being done.

## The World of Emily

We are as a nation only dimly aware of the golden chances we possess of calling in these new worlds to redress the balance of the old. Let us have vision. Let us realize that here is the true solution of our unemployment problem. Let the old country go to the aid of the new countries which are ready to feed its millions and to provide it with new markets for its merchants and its manufactures.

Forget Europe! Remember the Empire!—London Daily Express.

## The Difference

Teacher: "Of course you understand the difference between lying and truth?"

Pupil: "Yes, Miss; I like my father and mother, but I love pigs."

## Both English

"Don't you know the King's English?"

"No, Sir."

"And so is the Prince of Wales!"

## Queen Mary's Birthday Gifts

Prices Sent Wonderful Offerings From South Africa

Queen Mary received a shower of birthday presents and greetings on her 50th birthday.

What presents the Queen gets for her birthday is a problem that has always intrigued the inquirer, and this year, for some reason, the veil has been slightly lifted from the array of packages and parcels that (metaphorically, may be), awaits Queen Mary on her birthday breakfast table.

David sent his presents a few days too soon, but they were none the less welcome for the reason that they were some magnificent ostrich feathers wonderfully colored and shaded, all the way from South Africa. King George gave his consort a wonderful emerald ring set in platinum—a net that appeals to the majority of her private jewels, and all the state jewels are set in gold. Princess Mary gave her mother some old lace—the lace of Prince George, the Duke of Kent, and it is whispered, the favorite of the Queen, included some of the latest gramophone records.

## Finger Prints Rescue Him

Man Almost Jailed By Remarkable Likeness to Criminal

Arrivals of finger print by aeroplane mail across country resulted in John MacKenzie, who was arrested in New York from Winnipeg to be a movie actor, being freed, instead of being a real prison term, because of his remarkable resemblance to a criminal.

The prints came from Oakland, Canada, where the exchange had taken place under arrest.

In suspending sentence, Judge Manu remarked upon the amazing resemblance between the two men, even to the smallest detail, with the exception of the finger which the judge said: "In the last days, on the strength of these almost conclusive proofs that you were here, I have had you sent to the penitentiary on the long-distance telephone, the radio, and the aeroplane have all assisted the court in checking up your record and in determining that you are not that MacKenzie. The finger prints show that."

## Sleeping Sickness Old Disease

Not Known To Western World Until After Flu Epidemic

Sleeping sickness can be traced back through history to a date before Herodotus, according to physicians. It did not become an acute problem in the United States, however, until after the flu epidemic. In New York City alone there then were born from two to five deaths a week reported from it.

The first outbreak of the disease, Dr. George General, of the federal health service, appointed medical officers to study it. Dr. H. F. Smith, of this city, is the sound evidence of relationship between sleeping sickness and influenza, but catalogued the disease which could be used for diagnosis. German scientists have reported the discovery of a new drug which cures the African sleeping sickness, but it is not yet an assurance about the treatment of the encephalitis lethargica. Its mortality rate is nearly 50 per cent of those infected.

## English Girlding World

In Every Country Some People Understand the Language

The New York Times quotes a German professor in a Berlin language school, overseas on a visit, as making the rather remarkable admission that once it was French that had, or more, less closely approached, that position, but English almost everywhere has superseded it as the second language of everybody who has a second language.

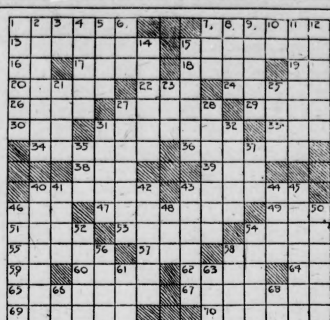

## Editors to Visit Alberta

It was recently announced that the Editorial Editors Association of the United States, including representatives of one hundred of the largest foreign journals in the United States, will visit Alberta, including a five-day stay at Edmonton and other points of interest in the province.

## Probable Sunday Bathing

Announcing that they were trying to set an example, Peterborough (Ont.), its citizens are having a Sunday bathing and Sunday band concerts.

## OUR CROSSWORD PUZZLE

## Horizontal

- 1—Sun.
- 2—Unsub thread.
- 3—A. Robert.
- 4—Spendthrift.
- 5—Need.
- 6—A garment.
- 7—Point of the compass.
- 8—A confinent (abb.).
- 9—Drink.
- 10—Policeman.
- 11—Cavalier shirt.
- 12—Equal.
- 13—Chase.
- 14—Debauchee.
- 15—Period.
- 16—A. Liner (pl.).
- 17—Sin.
- 18—A. where the exchange has taken place under arrest.
- 19—Kine.
- 20—Grip.
- 21—Grip's name.
- 22—Enrichment with food.
- 23—A. where the exchange has taken place under arrest.
- 24—Wrench.
- 25—Personal pronoun.
- 26—Herald.
- 27—Heir.
- 28—A. where the exchange has taken place under arrest.
- 29—A. where the exchange has taken place under arrest.
- 30—A. where the exchange has taken place under arrest.
- 31—A. where the exchange has taken place under arrest.
- 32—A. where the exchange has taken place under arrest.
- 33—A. where the exchange has taken place under arrest.
- 34—A. where the exchange has taken place under arrest.
- 35—A. where the exchange has taken place under arrest.
- 36—A. where the exchange has taken place under arrest.
- 37—A. where the exchange has taken place under arrest.
- 38—A. where the exchange has taken place under arrest.
- 39—A. where the exchange has taken place under arrest.
- 40—A. where the exchange has taken place under arrest.
- 41—A. where the exchange has taken place under arrest.
- 42—A. where the exchange has taken place under arrest.
- 43—A. where the exchange has taken place under arrest.
- 44—A. where the exchange has taken place under arrest.
- 45—A. where the exchange has taken place under arrest.
- 46—A. where the exchange has taken place under arrest.
- 47—A. where the exchange has taken place under arrest.
- 48—A. where the exchange has taken place under arrest.
- 49—A. where the exchange has taken place under arrest.
- 50—A. where the exchange has taken place under arrest.
- 51—A. where the exchange has taken place under arrest.
- 52—A. where the exchange has taken place under arrest.
- 53—A. where the exchange has taken place under arrest.
- 54—A. where the exchange has taken place under arrest.
- 55—A. where the exchange has taken place under arrest.
- 56—A. where the exchange has taken place under arrest.
- 57—A. where the exchange has taken place under arrest.
- 58—A. where the exchange has taken place under arrest.
- 59—A. where the exchange has taken place under arrest.
- 60—A. where the exchange has taken place under arrest.
- 61—A. where the exchange has taken place under arrest.
- 62—A. where the exchange has taken place under arrest.
- 63—A. where the exchange has taken place under arrest.
- 64—A. where the exchange has taken place under arrest.
- 65—A. where the exchange has taken place under arrest.
- 66—A. where the exchange has taken place under arrest.
- 67—A. where the exchange has taken place under arrest.
- 68—A. where the exchange has taken place under arrest.
- 69—A. where the exchange has taken place under arrest.

## Should Understand First Aid

Auto Accidents Often Unecessarily Fatal Says Chicago Doctor

"This every man or woman who drives an auto should understand simple first aid methods is the firm conviction of both Doctor Herman Bunsen, Chicago's health commissioner, and Chief of Police Collins. "Every year throughout the country, thousands of people unnecessarily lose their lives through automobile accidents, because those who could be of aid at the time of accident become panic-stricken and lose their heads when there is a car injury. If they understand the simplest rudiments of first aid, a handkerchief or a pencil or ordinary card of wood could be used as a tourniquet, thus stopping hemorrhage until medical help arrives."

The auto especially is in need of first aid knowledge. Whether in the city or country, it should be possible to have a compact first aid kit. After spending a short time studying the rules of first aid, the average person can intelligently render help."

## Made Interesting Discovery

Students Find Wonderful Cave Among Yorkshire Hills

Two students spending their summer holidays among the Yorkshire hills happened to survey one morning the rugged slope of the great Ingleton Gorge through their field glasses. They saw, half hidden among the bracken, a narrow slit in the rock. They blasted away a couple of thousand tons of limestone, and in the heart of the mountain discovered a roaring river passing through crystal caves. In lofty chambers, carved with stalactites of orange and white crystal, are cascades of clear water, which have splashed down for centuries. At one point the river bed widens out and forms a low subterranean lake. This portion is the most beautiful of the caves, but excavation has been carried on.

## Names of Cheese Invited

The Dominion dairy and cold storage branch, Ottawa, invites suggestions of names for the following types of cheese:

- 1—Small-stick Canadian cheddar.
- 2—"Processed" pasteurized cheese commonly known as Kraft from the name of a maker) put up in 5 pound and 1 pound loaves or in tins.
- 3—Cheese which is made from ordinary cheese paste through the grinder and packed in jars or cartons.
- 4—Any other type of cheese that is not properly named.

## Sneezes Gas Used

Sneezes gas is being used to rust away scale from the holds of ships at Manila. More than a dozen men recently were driven off one ship by the gas.

## Conducts Unique Marathon

California Church Members Read Bible in Sixty-nine Hours

A Bible marathon was recently conducted under the auspices of the First Methodist Church of Los Angeles, Cal. It was demonstrated that the Bible can be read from cover to cover in sixty-nine hours and fifteen minutes by several church congregations with a taste for the task. A throng of several hundred persons was in the church at the start of the marathon, and its last lap—the Book of Revelation. All joined the readers in pronouncing the final verses of the book, then concluded the long service by singing the Doxology and adopting unanimously a resolution to make the Bible marathon an annual event in this little foothill town.

## Sneezes Gas Used

Sneezes gas is being used to rust away scale from the holds of ships at Manila. More than a dozen men recently were driven off one ship by the gas.

## The Mastic Mixture

The mastic mixture originated in France about 1750.

**Running Water** USE A DEEP WELL WATER PLANT which we will install wherever a copious and continuous supply of water is needed, with pneumatic or gravity tank, to start and stop automatically, or by hand. Economical, satisfactory and permanent. All parts fully inclosed but accessible. We specialize in well plants and pump-fitting.

**HUGHES' DRUG STORE**

Phone 42

**Claresholm Silver Black Fox Ranch**

We are offering for sale Silver Black Foxes, same strain as in our pens here, to be delivered next fall. Anyone thinking of buying Foxes, should look our stock over before purchasing. What you want is quality and productiveness. We have both.

**A. MCKINNEY & SON,**  
 Breeders of Govt. Registered Foxes,  
 Claresholm, Alberta.

Agents for Park Hill Silver Black Fox Co. Ltd. Calgary.

**Foolish Saving**

A penny saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not looked on as lost; not is the money spent on better interior lighting.

Anything that increases the favor, that adds sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment — just as plate glass windows are. Advertising sells more goods to more persons than shop windows do.

**A WORD TO THE PUBLIC**

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures?

**Shop Where You Are Invited to Shop**

Issued by Canadian Weekly Newspapers Association
